

3/16/2020

Coaches and Parents,

The THSWPA is continuing to closely monitor all the information released by the CDC as well as the UIL. At this time, the new guidelines will not allow us to host the State meet in Corpus Christi.

We are continuing our efforts to find a new location and dates to host the State meet. Our top priority is the safety and well being of everyone involved including student athletes, coaches, and workers.

We understand the concern and uncertainty involved in this dynamic situation. It is still our intent to remain transparent and provide updates to all of our member schools and coaches.

The association would like to thank you for your patience, support, and understanding. Please continue to look for updates on the THSWPA website.

Thank you,

Christian Navarro
President THSWPA
